

In the Name of Allah, Most Gracious, Most Merciful

Global Charity

By Irshad Mahmood – Director, Global Right Path

Differences between Rich and Poor, Healthy and Sick, and Donor and Acceptor will always be there for our test. Charities at Individual/Local, National as well as Global level must work as a team to save this planet from Global Poverty, fulfill the commandments of Allah and at the same time get great reward from Allah. Make sure that those who are working for the distribution of Charity must have true love with the humanity and must be a role model for the society (not for high income or any luxury), as an example at present time is Abdul Sitar Edhi (the LEGEND of Pakistan at present time) is one of many, who is sincerely working for the charity without any greediness and is a role model in Pakistan, <http://www.edhifoundation.com>

It is Global Government's duty to organize, and get from the Rich and feed to Needy in a balance way, in addition to fixing all related issues which are disturbing Global Stability and also it is individuals duty to pay the charity to the poor (Ref: Al_Quraan_009.058-060). Remember! **world has enough to feed but not greed**, but few of major issues which had disturbed the Global Stability are interest based system, alcohol, gambling, supply and demand system and raise in salary by small percentage, on which special deep study is needed (Ref: Al_Quraan_002.278-279, 002.219).

If Allah has given you wealth, help the Needy from your wealth.
If Allah has given you good health, sincerely help those who need assistance.
If Allah has given you the strength, sincerely help those who are week.
If Allah has given you good knowledge, sincerely educate others.

Similarly, if one region is rich in minerals, then others could be rich in oil or gas or foods or even manpower etc. Global System must be balanced by sharing all these resources in a balanced way, otherwise more and more disasters may come in the shape of poverty, and innocent people may not have any choice than come to street violently, since they cannot see their infants crying for milks, foods and other basic needs.

Avoid loans, avoid wastes and stop greediness as much as possible keeping in mind **“HOW MUCH IS TOO MUCH”**, to help stabilized the Global World (Ref: Al_Quraan_009.060, 025.063-067).

It is time now to open our eyes and correct ourselves to serve the humanity in the light of Quraan, since the Quraan gives the true guidance to fix the system to save the Humanity in a balanced way (Al_Quraan_002:002).

Allah Never Destroys any Good Nation (Ref: Al_Quraan_011.116-117). Do not turn out people from their homes (Ref: Al_Quraan_002:084). Saving a Life is like Saving the Whole World. (Ref: Al_Quraan_005.032). There is NO Compulsion in Religion. (Ref: Al_Quraan_002:256)

We all need to help as much as we can to build the Global World for the better future for our kids, only then we can hope that our kids will have good fruits of it and will pray for us. Educate yourself including your kids and keep your knowledge up to date according to time, as much as possible without wasting a minute. If you have good knowledge, you must teach others or share with others for free if possible (Ref: Al_Quraan_096.001-005).

If you lend unto Allah a goodly loan, He will multiply it for you and forgive you; and Allah is the Multiplier (of rewards), Forbearing, (Al_Quraan_064.017)

Charities are only for the poor and the needy, and the officials (appointed) over them, and those whose hearts are made to incline (to truth and including those who are confined in the way of Allah) and the (ransoming of) captives and those in debts (including students) and in the way of Allah and the wayfarer; an ordinance from Allah; and Allah is knowing, Wise. (Ref: Al_Quraan_009.060, 002.273)

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation. Do not even think to re-appoint those who were failed to protect the corruptions in the land.

Read Al-Quraan, the Miracle of Miracles and free from contradictions and errors
