# Global Economics

## World Has Enough To Feed But Not Greed

By Irshad Mahmood – Director, Global Right Path

---

Global World is going through a Great Turbulence of Economic Downtime at present time.

For all time of past, present or future people need to deal with economics. Unless people get guidance from Allah (God), they may fail sooner or later. As we have seen, many ideologies coming and failing including Muslims who were not following the Quraan as it should be. It is time now to open our eyes and correct ourselves to serve the humanity in the light of Quraan. Since the Quraan is the book of guidance for the mankind from Allah (AI\_Quraan\_002:002), which is really free from any contradiction and error (AI\_Quraan\_004:082) at present time.

Allah Never Destroys any Good Nation (Ref: AI\_Quraan\_011.116-117).

Do not turn out people from their homes (Ref: AI\_Quraan\_002:084).

Saving a Life is like Saving the Whole World. (Ref. AI\_Quraan\_005.032)

There is NO Compulsion in Religion. (Ref:AI\_Quraan\_002:256)

### Education:

First thing to teach people that we are all children of Adam and Eve and we are all cousin brothers and sisters, and let us work together and start from the common points. (Ref: AI\_Quraan\_004.001, 003:064)

### Issues:

We need to note down all issues big or small and on case by case method need to analyze it in detail and first start with all those issues which are creating great turbulence in Global Economy, keeping in mind how much is too much.

Two of major issues which is disturbing Global Economy could be interest based system, alcohol, gambling and supply and demand system, on which special deep study is needed (Ref: AI\_Quraan\_002.278-279, 002.219).

Avoid loans and avoid waste as much as possible to help develop the Global World (Ref: AI\_Quraan\_009.060, 025.063-067).

We also need help as much as we can to build the Global World for the better future of our kids, only then we can hope that our kids will have the fruits of it and will pray for us. Educate yourself and keep your knowledge up to date according to time, as much as possible without wasting a minute. If you have good knowledge teach others or share with others for free if possible (Ref: AI\_Quraan\_096.001-005).

### Global Governments (United Nations) Duties:

Government must be ready to abandon any laws which might hurt economy of general public, in such a way which helps to move forward by forgiving and forgetting the past BUT taking lessons from the past. They must help their citizens to have up to date education with internationally recognized good high standards on reduced rate if not for free, which must have good parent-teacher relation through homework along with regular meetings after each semesters to discuss the progress. It must follow the basic rule to TAX the GREEDY not the NEEDY.

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation. Do not think to try to re-appoint those who were failed to protect the corruptions in the land.
