# Global Kids Reform

By Irshad Mahmood – Director, Global Right Path

**Our Kids are Not Ours**, rather Hijacked by current bad world economics. Every Kid's right to have someone look after him/her since the day he/she is conceived. There is none but Mother who performs this duty 24/7, which Allah put on her heart and fully prepare her to do so. To fulfill her duty, she needs full support from child's father (financial as well as moral), who is like sun which is hot, but in his absence life is very dark. Allah asks us to respect our parents, who always thinks goods about us, dreams about us, prays for us and fully devoted their lives for us to succeed, (Ref: Al\_Quraan\_004:036, 017:023, 017:024, 019:012-014, 019:030-032, 031:014-015).

But because of present day Manmade Bad Global Economy, **Mothers are taken away from their children**, and **Kids are suffering the most**, I don't have words to explain it, as tears are in my eyes inside my heart for our Global Kids.

Because of manmade soaring prices, single income is not enough to raise family and Mothers are taken away from their children.

If a Female is well educated, she can take care her kids in a better way, and help them do their homework and if she knows driving as well, she can pickup and drop-off her kids. Females are after all Human beings and they may get sick, so some of them must be Good Doctors and Nurses. To teach Female Doctors and Nurses, some Females must be Good Teachers as well. In Brief **you cannot have a well decent and educated society without educated Females**. If Females are left behind then it will lead the society poor and backwards. If Women are left uneducated the whole race may be left uneducated. Female is the principal part in a family's success.

To educate **Future Mothers** to turn their **Future Kids** into **Super Kids**, we need a Great Global Team Work, this way we will be able to save Humanity as well and change our world into Heavenly Earth.

Let us join together to save Humanity without any discrimination of Religion, Race, Sect, Gender, Color, Nationality, Rich, Poor, Young or Old, etc. (Ref: Al\_Quraan\_005:032).
