Global World is going through a Great Turbulence of Global Recession and perhaps till now it could be like tip of iceberg what we have seen yet and rest could be about to come sooner if not later, since the world didn't took the true guidance from the Quraan to save the humanity.

You cannot buy the Whole World from Gold, since Gold is a little tiny part of the Whole World. In reality it is a reference point to balance the price to serve the humanity. UN must balance the production cost globally.

Also it is not the Wealth (Gold or Silver) or Power which could save the Global World from Global Recession. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crime against humanity and nothing could save them including their wealth, power or people etc. (Ref: Al\_Quraan\_029:039). World didn't end there, but even without their wealth and power, it had re-developed.

It is time now to open our eyes and correct ourselves to serve the humanity in the light of Quraan, since the Quraan gives the true guidance to fix the system to save the Humanity in a balanced way (Al\_Quraan\_002:002).

Allah Never Destroys any Good Nation (Ref: Al\_Quraan\_011.116-117).  
Do not turn out people from their homes (Ref: Al\_Quraan\_002:084).  
Saving a Life is like Saving the Whole World. (Ref: Al\_Quraan\_005.032)  
There is NO Compulsion in Religion. (Ref:Al\_Quraan\_002:256)

We need to note down all issues big or small and need to analyze it in detail on case by case method and first start with all those issues which triggered the Great Turbulence of Global Recession.

Few of major issues which has caused the Global Recession are interest based system, alcohol, gambling and supply and demand system, on which special deep study is needed (Ref: Al\_Quraan\_002.278-279, 002.219).

Avoid loans and avoid waste as much as possible keeping in mind how much is too much to help develop the Global World (Ref: Al\_Quraan\_009.060, 025.063-067).

We all need help as much as we can to build the Global World for the better future for our kids, only then we can hope that our kids will have the fruits of it and will pray for us. Educate yourself and keep your knowledge up to date according to time, as much as possible without wasting a minute. If you have good knowledge teach others or share with others for free if possible (Ref: Al\_Quraan\_096.001-005).

## **Global Governments (United Nations) Duties:**

Government must be ready to abandon any laws which might hurt economy of general public, in such a way which helps to move forward by forgiving and forgetting the past BUT taking lessons from the past. They must help their citizens to have up to date education with internationally recognized good high standards on reduced rate if not for free, which must have good parent-teacher relation through homework along with regular meetings after each semesters to discuss the progress. It must follow the basic rule to TAX the GREEDY not the NEEDY.

## **Remember:**

World has enough to feed but not greed. **United Nations** must balance the production cost globally. You cannot buy the Whole World from Gold, since Gold is a little tiny part of the Whole World.

**Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation. Do not think to try to re-appoint those who were failed to protect the corruptions in the land.**
