Global Revolution

By Irshad Mahmood – Director, Global Right Path

What will happen to the citizens of US and China, if US, the World Greatest Super Power stops buying from China, since it has already in great deficit or China stops selling to US? **Great Manmade Disaster for the citizens of China as well as US.**

Revolution is happening continuously all the time, round the clock and around the world. Whenever people deviated from the right path, Allah sent Prophets and Messengers to warn them, till Prophet Muhammad (Peace-Be-Upon-Him) in the past. Prophet Muhammad (Peace-Be-Upon-Him) was Global Prophet for Global Revolution, while rest were local Prophets for Local Revolution. (Ref: Al_Quraan_021.107, 034.028)

When people didn't listen to their Prophets and Messengers (Peace-Be-Upon-Him), they got severe punishment and many examples are there in the Quraan, e.g. story of Prophet Nuh (Peace-Be-Upon-Him) and disbelievers including his son not survived, story of Prophet Mosa (Peace-Be-Upon-Him) and Pharaoh. Those punishments were on top of what they will get on the Day of Judgment.

When people followed their Prophets and Messengers (Peace-Be-Upon-Him), peace developed in the region and example is Prophet Muhammad (Peace-Be-Upon-Him) and his millions of followers (sahabas) who were always ready on his call regardless of day or night (always Labbaik).

In the past Prophets and Messengers (Peace-Be-Upon-Him), were always there to serve the humanity, regardless of people believing on them or not. Same is true for Visible and Invisible Auliyaas and Global Auliyaas in all time in the past, present and in the future Inshaa Allah. **They had true love with the humanity.**

Also it was with the people to listen and follow Prophets and Messengers and now, same is true for people to listen and follow the Visible and Invisible Auliyaas and Global Auliyaas of **present time**, till they follow Quraan and really Authentic Hadeeth.

Allah gives you a chance to change yourself first and Allah will never change your conditions unless you first act accordingly to change yourself (Ref: Al_Quraan_013.011). In simple terms **NO CHANGES WITHOUT ACTION.**

If you do not revolutionize yourself then Allah will change you with other people. Those people will be more God Fearing and more Truth Lover than you (Ref: Al_Quraan_047.038).

Presently in the beginning of twenty-first century, Global World is facing Great instability causing many countries and regions going through a Great Turbulence of Global Uncertainty. People are suffering badly all around the world including Thailand, Greece, many of the African countries and even in the United States of America, with no exception to Muslim Countries. Many countries are moving from one system to another and blaming each other. Dictatorships of Kings/Queens or Presidents/Prime Ministers, who are ruling for several decades are throwing back, since they were not be able to fulfill the duties to serve the humanity, instead they became like Qaroon, Hamaan and Pharaoh etc. and started doing crime against humanity, since they didn't took the Guidance from the Quraan and did not implemented the Quraanic System in their region.

Perhaps till now it could be like tip of an iceberg what we have seen yet and rest could be about to come sooner if not later, since the world didn't took the true guidance from the Quraan to stabilize the Global World to save the humanity. Unfortunately those who are taking over or will take over kingdom from those Dictators might not have learned the lessons from the Quraan and may damage the Global Stability as well.

Quraan commands us to establish true balanced system around the Globe, which needs Global Revolution. If one region is rich in minerals, then other could be rich in oil or gas or foods or even manpower etc. Global Government must come forward in a revolutionized way to balance the Global World by sharing all the resources to build our Global World, otherwise more and more disasters may come in the shape of poverty, and innocent people may not have any choice than come to street violently, since they cannot see their infants crying for milks, foods and other basic needs.

It is not the Wealth (Gold or Silver) or Power which could save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crime against humanity and nothing could save them including their wealth, power or people etc. (Ref: Al_Quraan_029:039). World didn't end there, but it had re-developed after great revolution, even without their wealth and power. Those who never faced real poverty for years may never

understand its solution, unless they have really took the Guidance from the Quraan. **It is 100% guaranteed to save the world globally to build our Global World, if we truly apply the guidance from the Quraan, which need Great Global Revolution.**

It is time now to open our eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, since the Quraan gives the true revolutionized guidance to fix the system to save the Humanity in a balanced way (AI_Quraan_002:002).

Allah Never Destroys any Good Nation (Ref: AI_Quraan_011.116-117). Do not turn out people from their homes (Ref: AI_Quraan_002:084). Saving a Life is like Saving the Whole World. (Ref: AI_Quraan_005.032). There is NO Compulsion in Religion. (Ref: AI_Quraan_002:256)

Global Revolution is urgently needed to fix the Global Economy to save the humanity from manmade disasters. Global Government also needs to **note down all issues big or small** and needs to analyze it in detail on case by case method and first start with all those issues which had triggered the Great Turbulence of Global Instability.

Few of major issues which had caused the Global Instability are **interest** based system, **alcohol, gambling** and **supply and demand** system, on which special deep study is needed in a revolutionized way (Ref: AI_Quraan_002.278-279, 002.219).

Avoid loans, avoid waste and stop greediness as much as possible keeping in mind how much is too much to help stabilized the our Global World in a revolutionized way (Ref: AI_Quraan_009.060, 025.063-067).

We all need to help as much as we can to build our Global World for the better future for our kids, only then we can hope that our kids will have the fruits of it and will pray for us. **Educate yourself including your kids and keep your knowledge up to date according to time, as much as possible without wasting a minute**, which may not be without proper Organizing Skills. If you have good knowledge then teach others or share with others for free if possible (Ref: AI_Quraan_096.001-005).

Global Government must be ready to abandon any laws which might hurt economy of general public, in such a way which helps to move forward by forgiving and forgetting the past BUT taking lessons from the past. It must follow the basic rule to TAX the GREEDY not the NEEDY. **Education must be provided to all with internationally recognized good high standards for free, which must have good parent-teacher relation.** No high professional students should be leftover at age 25 without any job, other low tech students should be able to enter the workforce at much earlier age. It must establish a system where seniors must be able to train new students. It also needs to take lessons from the Quraan, the Book of Guidance to take out burden from the shoulder of students so that they can concentrate more on education. Only waiving off tuition fee may not help completely but living expenses must be available to the needy as well. **Sweden** still in 2010 had totally **FREE** Educations for their citizens and also has scholarships for those students who are regularly passing their exams on time to cover their living expenses.

To take our Global World in a right direction to help the humanity, we need to be well organized, dedicated and must have clear direction in a **Balanced Way** and **Debt FREE** (Ref: AI_Quraan_009.060, 025.063-067), which may not be achieved without taking guidance from the Quraan (the Book of Guidance for the mankind).

Difference in **Income** of **Lawyers, Doctors, Other Professionals** and **Labors (Other Workers)** must be balanced, so that student can choose any discipline of their own choice if available. **Deep study is needed** for the Global Government to have clear direction to let the students know where there are more requirements. All professional disciplines must have modern Hands-on-Training in addition to regular courses, to train all students to enter the workforce on time.

World has enough to feed but not greed. **Global Government** must balance the production cost globally in relation to Gold (currency). You cannot buy the Whole World from Gold, since Gold is a little tiny part of the Whole World.

WORLD HAS ENOUGH TO FEED BUT NOT GREED.

**Thinking locally while living in Global World will not save our Global World.
Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation.
Do not even think to re-appoint those who were failed to protect the corruptions in the land.**
