

In the Name of Allah, Most Gracious, Most Merciful
Robotic World Killing Humanity

By Irshad Mahmood – Director, Global Right Path

One of the Greatest Inventions of all times is Wheel. With more and more inventions and more and more Super Sonic Fast Robotic Machines, Humans are becoming worthless and are being laid off. **A single machine may replace thousands of humans BUT not a single human can ever replace a single machine.** **Robotic World is Killing Humanity, since not taking guidance from the Quraan.**

Example of Global Downsizing-Shutdown-Lockdown: Take an example of past time, when **1000** people were working in a farm land. Later they started using tractors and other machines, because of which layoff started happening and when comes superfast technology, more and more people were being off the jobs, perhaps they only need **10** people, then what those leftover **990** people will do and what education they need to get jobs. These **990** people were good customers to many businesses while on the job, and now they are not. Same way other businesses started using superfast technology and had laid off many employees, who were customers to many businesses as well, but not anymore. Although you are seeing other new technologies are coming into market, but later slowing down, since they calculated for total population and thinking that everyone has money tree in their backyards, but in reality they don't have, since they have lost their job. **Later industries started shutting down followed by banks and Governments as well.**

Superfast Technology is exceptionally good for humanity **IF** those left over (laid off) employees are put onto new projects to support themselves and their families, which is only possible if we work Globally. Students must have debt free education. **Extreme Poverty is a breeding ground for Terrorist and Criminal Master Minds can use them.** **Globally we can fix many things.**

Remember: We are children of Adam and Eve and we are Global Brothers and Global Sisters of a Global Family, (Ref: AI_Quraan_002.030-039, 007.011-025, 015.26-44, 017.61-65, 018.050-051, 020.115-124, 038.071-085).

Allah Never Destroys any Good Nation, (Ref: AI_Quraan_011.116-117). **Do not turn out people from their homes,** (Ref: AI_Quraan_002:084). **Saving a Life is like Saving the Whole World,** (Ref: AI_Quraan_005.032). **There is NO Compulsion in Religion,** (Ref: AI_Quraan_002:256).

Global World is facing a Global Economic Disaster and needs a Global Revolution:

It is not Wealth (Gold or Silver etc.) or Power which can save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crimes against humanity and nothing could save them, not even their wealth, power, or people, etc., (Ref: AI_Quraan_029:039). The World didn't end there, but it re-developed after a Great Revolution. Those who have never faced poverty may never understand its solution, unless they have really taken Guidance from the Quraan or have gone for intensive training. **It is 100% guaranteed to save the world and to help build our Heavenly Earth. If we truly apply the guidance given by the Quraan, we can re-develop the world through our own Great Global Revolution.** In simple terms **"NO CHANGES WITHOUT ACTIONS"**! It is time now to open our eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, in which all including Rich & Poor can live safe and sound, since the Quraan gives the true revolutionized guidance to fix the Global System to save Humanity in a balanced way (Ref: AI_Quraan_002:002).
