

# e-Seminar on Solution to Global Humanity

Will be starting soon on Global Right Path Google Group

---

Global World is going through a Great Turbulence of Global Recession, and Global Poverty & Famine is on the rise. Rich are becoming **EXTREMELY** rich and poor are becoming **SEVERELY** poor and Humanity is about to die. Perhaps what we have seen so far could be like the tip of an iceberg and the rest would come later.

For few centuries till the beginning of **21<sup>st</sup>** Century world is trying to save businesses and still failing to protect them. They are going wrong direction, since they don't know that they cannot run their businesses without any single customers and forget that customers are people, they forget that saving a life like save whole world. They also forget that a single machine may replace thousands of human BUT not a single human may replace a single machine and that is the end of story.

If **99%** are rich and only **1%** are poor and those all rich donating **1%** of their wealth then poor can survive, BUT what if **0.001%** are rich and **99.999%** are poor. Today it looks like **1** (one) in **millions** are rich in many areas of the world and Global System is upside down and is Totally Collapsed.

Think of old time ten organizations in which one thousands of employees working in each organization. Then came industrialization and heavy machinery and robots took places of human. Naturally many of the workers got Layoff and are off the jobs. Initially these Businesses thought that they will save lots of money by Laying off those workers, but they did not realize that those were also customers of other industries as well. BUT due to Layoff, they don't have enough money now to buy, so in reality those businesses lost their customers as well by Laying off their employees. This is just a simple example to start understanding the consequences which could be much better if we think about saving the humanity. Yes, industrialization and robotics looks very good but we need to start thinking **DIFFERENTLY** to save the humanity to build Whole New World. There could be many projects we can collectively initiate at Global Level to provide those laid off workers. **Remember: Layoff means more Poverty and more Crime, unless Employer must have been provided to lay off people guaranteed alternate options for their survivals. Services cut down at Hospitals means danger to our health, Services cut down at Fire Station or Police means our life/security is in more danger etc.**

**To Protect World from Criminals/Terrorists which is causing Global Homelessness, Poverty and Famine**, we must understand Criminal Master Minds, and we must need to find the roots of all Crimes, starting from Mother Womb till the Grave to save humanity. Keep in mind **what a NON patience Mother might do**, if her child is crying for milk and she don't have enough money to buy milk for her. **Remember:** When there was a Women Driver with one year child in the back seat killed after car chase from White House to Capitol on **04-OCT-2013 at 2:15 PM:**

One of the possible reasons could be **United States federal government shutdown of 2013 ran from October 1 to October 16, 2013 which had surely affected low income families and small businesses:**

[http://en.wikipedia.org/wiki/Government\\_shutdown\\_in\\_the\\_United\\_States](http://en.wikipedia.org/wiki/Government_shutdown_in_the_United_States)

**Breeding grounds for all kids of terrorisms and crimes are Global Homelessness, Poverty and Famine**, where people are widely available to do anything for little money for their survivals. Master minds can easily find them, twist them including their beliefs/faiths and forcefully use them according to their own desire. Master minds may also create some scenarios by all means including science fictions to fool people to rob the wealth of the world. Master minds may plan for hundreds of years if not thousands of years to rob the wealth of the whole world in stages. Master minds may also fool their citizens, and create scenarios to prove that war is inevitable and must have to go for war, BUT in reality to run their war related businesses and become richer than ever before and again and again. Many wars in the past were based on lies and fooled their own citizens, e.g. Vietnam War, Gulf War on the issue of Weapons of Mass Destruction in Iraq etc. EBOLA, SARS, AIDS & Chicken Pox etc. could be Biological weapons to wipeout humanity as well as creating artificial famine. **War is not an option in which economy dies again and again, BUT Love is, which starts from forgiveness.**

Many people don't realize that Hiring Robots & Firing People will bankrupt businesses, e.g. Robots and Machines don't eat apples & oranges, so Apple & Orange farms and their businesses will be bankrupt and will make the World like a Hell which many people facing in around the Globe.

**No human is perfect**, we must need to be open minded and join together to bring ideas from anywhere, Religious as well as Non-Religious i.e. Modern Scientific Research, Bible (Old Testament {Torah} + New Testament {Gospel}), Bhagavad Gita, Quraan, Sutras, Vedas, etc. and present it to people on social media to fix Global System to save humanity to build **Whole New World (Heavenly Earth)**.

**People do not have any plant/tree which produces money like fruits, since Money does not grow in any plant/tree.**

**In this e-Seminar**, we are planning to present more **Globalization related articles/lectures on Social Media** to fix Global Economy to serve Humanity, without any discrimination of Regional, Race or Ethnic, Caste, Nationality, Language, Gender, Disability, Age etc. **Keep in Mind: Courtesy and Mutual Respect MUST be Pre-Requisite.**

**Please present your articles/lectures on Social Media, or if you have articles/lectures from scholars share that on Social Media and Please invite others to join this Great mission to build Heavenly Earth without any discrimination.**

It is not the Wealth (Gold or Silver) or Power which could save the Global World from Global Recession. Allah (God) seized Qaroon, Pharaoh, and Hamaan and many more, for their crime against humanity and nothing saved them including their wealth, power or people etc. World didn't end there, but even without their wealth and power, it had re-developed.

**Thinking locally while living in Global World will not save our Global World.**

Repeatedly Relying on the Same Corrupt or Incompetent Person will NOT Change the Fortune of a Nation or Global World. Do not even think to try to re-appoint those who were failed to protect the corruptions in the land. **Do not break laws of your regions/states/countries and do not take laws into your own hands.**

**Locally I am Sorry BUT Globally YES we can Recover Global World with 100% Guaranteed upon FULL support from all Global People and all Governments around the Globe, Inshaa Allah (by God willing).**

**Neither I am a singer nor a poet  
No one can fix the world alone**

**Rather an activist for the Whole New World  
Together, we will achieve our Heavenly Goal**

**NO CLOSE DOOR MEETINGS & NO HIDDEN SECRET AGENDA  
WORLD HAS ENOUGH TO FEED BUT NOT GREED**

I invite you all to join this Noble Mission and invite others to join it to save the humanity from Homelessness, Poverty, Famine and Build Heavenly Earth without any Discrimination without any discrimination of religion, race, color, gender, language or nationality etc.

**It will be a Great Global Charity to save Global Humanity, our children will pray for us and Allah (God) will give Great Reward, Inshaa Allah (by God willing).**
