---

We have seen many verbal claims that they truly love Prophet Muhammad (Peace-Be-Upon-Him), BUT when you ask if he/she understand his language, i.e. Quraanic Arabic Language and if yes, have you ever try to teach others his language (Quraanic Arabic) for free, answers of many will be no/never. How come one claims but do not promote his language so that people can understand him as well as the Quraan, which will Inshaa Allah help resolve many issues after understanding the Quraanic Message.

Those who don't know Quraanic Arabic Language, must try their best to learn it now before it gets too late.

Those who know Quraanic Arabic Language, must start teaching others for free if possible, before it gets too late.

Every Musjids must start teaching Quraanic Arabic Language for free if possible, before it gets too late.

Those who have authority in Muslim Lands must plan to implement Quraanic Arabic Language for free in their region before it gets too late.

Those who are capable of passing this message to Muslims including authorities to start teaching Quraanic Arabic Language in those Muslims Lands, where national language is not Arabic, must do it now before it gets too late.

**Media MUST Play an Active Role in Teaching Quraanic Arabic Language for free before it gets too late.**

**Those Islaamic Medias who don't have any special columns/sessions for teaching free Quraanic Arabic Language may be questioned on the Day of Judgment.**

**Those who really love Prophet Muhammad (Peace-Be-Upon-Him) will sure try their best to learn and teach his Language (Quraanic Arabic Language).**

Inshaa Allah this will be the starting point for the Unity of Muslim Ummah, since language is the starting point on exchange our ideas/thoughts. It will also help clear many misunderstandings about Islaam.

## **Steps to Promote Quraanic Arabic Language in Muslim Lands:**

- 1> First 10 Years teach one subject Quraanic Arabic Language in all classes of schools/colleges/universities for free and remove all compulsory (mandatory) local/provincial languages otherwise kids will be too confused.
- 2> Next 10 Years teach all those subjects in Quraanic Arabic Language for which there are materials/books etc. already available in other Arabic Countries.
- 3> Finally after 20 years adopt Quraanic Arabic Language as National Language.

Invite (all) to the Way of thy Lord with wisdom and beautiful preaching; and argue with them in ways that are best and most gracious. (Ref: Al\_Quraan\_016.125)

And withhold yourself with those who call on their Lord morning and evening desiring His goodwill, and let not your eyes pass from them (**always yes sir, till Auliyaas and Global Auliyaas (Mujaddids) follow the Quraan and Really Authentic Sunnah**), desiring the beauties of this world's life; and do not follow him whose heart We have made unmindful to Our remembrance (Quraanic Directive), and he follows his low desires and his case is one in which due bounds are exceeded. (Al\_Quraan\_018.028)
