

Communicate to Allah in Salaah / Prayers

Effective communication is important for living systems for power, control and survival. Without effective communication societies or systems cannot organize themselves or perform desired functions. Living systems or societies are information processing units and information can only be communicated effectively if the communication channels are free from any disturbance or noise and must be on the same page by having same language. As an example: For transactions in BANKS, they need error free transactions, “NOT A SINGLE MISTAKE”.

True Contents, Style, Audience, Repeating & Reminding and Listening Attentively are the Key Ingredients for the Effective Communication. @GlobalRightPath

Allah told to listen to the Quraan with full attention is a part of Effective Communication, (Ref: Al_Quraan_007.204). Allah told to mind your language, (Ref: Al_Quraan_004.148, 010.015 – 016). Always make Duaa that “If I am wrong, May Allah Correct me. If you are Wrong, May Allah correct you. If we both are wrong, May Allah correct both of us. AMEEN”. Salah/Prayers may not help prevent one from evils who don't understand the Quraanic Arabic Language.

Keep in mind, no matter how good translation we do, we lose its true beauty, essence, emotions, sprit, psychology, etc. Transformation is not 100% percent accurate. If an English speaking person who does not understand French but reads French Newspaper without understanding it and says I have read it, people will say you are fool, you don't understand a single sentence of it and cannot explain any part of it. Many Holy Books have lost its transformation due to translation. To understand it let us have an example. Jewish children from any state are born to learn Hebrew language in depth, why NOT Muslims?.
