

# Hajj Reform

Hajj is fard only once in our lifetime for those who are physically fit (NOT Disabled) as well as financially healthy. One must know his/her Medical/Physical Fitness before going for Hajj to avoid being burden on others. Also they must start daily practice of FAST walking for 5 Kilo Meters for two months immediately after Ramadan before going for Hajj. Many of us might not be able to get another chance to perform it again in their lifetime.

At Hajj you may have to face many challenges, and that could be a test of patience for you, so be patience at all times, (Ref. Al\_Quraan\_005:002, 094). Remember: Hajj is NOT a Five Star PICNIC.

Ministry of Hajj, Kingdom of Saudi Arabia <https://www.haj.gov.sa/Haj/Introduction> must re-organize Hajj using modern technologies to give equal opportunity to all Pilgrims (Hajees), since in front of Allah all Pilgrims (Hajees) are equal except those who are better in Taqwa NOT Money. Allah knows their Taqwa from their heart, which you cannot.

- 1> Every Pilgrim to Makkah including Minaa for Hajj MUST have guaranteed equal opportunity to have one common standard of accommodation for all. NO Five Star Accommodations etc. & NO Five Star Picnic.
- 2> No one should be allowed to wash cloths in Minaa except for emergency. Cloths should be washed later when they go back to their hotels/accommodations etc. Hajj is for Ibadah only, not to waste time and create problems for others. All Pilgrims MUST be well prepared for these days.
- 3> At Muzdalifah, make sure all highways are completely shut down for all traffics, except those carrying Pilgrims and Saudi Officials performing duties at Hajj, on the night Pilgrims stay there during Hajj, till everyone leave for Minaa.
- 4> All transportations must have equal opportunities to all Pilgrims (Hajees) and it must follow a balanced good standard.
- 5> There must be allocated time for all Pilgrims to perform Tawaaf of the Kabaa, Sae'e at Al-Safa & Al-Marwah, and Ramee at the Jamarat etc., to avoid any bad incidents, keeping in mind there will be sick and old people including women and we need to take care of all as much as possible. Minaa needs upgrade using modern technologies as one unified accommodation for all Pilgrims for Hajj as well as Umrah, instead of Five Star Hotels & Five Star Picnics. Modern Tents can be of solid bricks for ongoing reusability to reduce pollutions.
