

Name Change - Dress Change

Name change is NOT necessary at all, unless someone's name has meaning closed to SHIRK. NOT a single prophet or messenger (Peace-Be-Upon-Them) had ever gone through name change in their lives, rather they kept their original names as per their local culture. We hardly find any example among of sahabas name changed as well, vast majority of sahabas never ever changed their names rather they all had local names.

Dress change is NOT necessary, unless it is see through and your body is shown even after wearing your dress, OR your dress is so tight that shape of your body is visible OR look like Ninja. Dress MUST be in such a way that it is NOT see through and NOT that tight BUT you will be fully comfortable to do exercises (including fast running), horse ridings in tough time in which you need to hold things in your hands while need to jump and ride on horses in short time. Present day Arabic Dresses are totally UNFIT for such tough exercises to save their lives in challenging situations. **Dress Modestly as per Local.**

Prophet Muhammad (PBUH) lead 28 Ghazwas by himself, and delegated 73 Ghazwas to sahabas. Do NOT behave like aliens, it is like in a bull fighting showing red flag to bull for "O Bull come and Hit me". Ummah is facing challenges because of leaving Quraan. **Be Quraanic Muslims in Spirit to Succeed by taking guidance from the Quraan alone.**
