

Tribute to General Pervez Musharraf

General Pervez Musharraf born in Delhi on 11 August 1943 in a Urdu Speaking family and died in Dubai on 5 February 2023. He survived a number of assassination attempts.

Before Exile in 2009, Pervez Musharraf DIDN'T have any Property abroad

He took over as ruler of Pakistan while in air on 14 October 1999, when reportedly his plane was not granted to land on Pakistan soil by the Prime minister then Nawaz Sharif. Even President General Ayub Khan or President General Zia-ul-Haq or any other Chief of Army Staff could have been done same thing if their plane were not granted to land.

Before Exile in 2009, Pervez Musharraf DIDN'T have any Bank Account abroad

He saved Dr. Abdul Qadeer Khan by house arresting him instead of handing him to USA. BUT he failed to save Dr. Afiaa Siddiqui second time, PERHAPS she was involved in money laundering for Afghan Taliban as USA claimed that she was courier & financier for al-Qaeda.

Saudi King helped Pervez Musharraf to survive abroad

During his tenure from 1999-2007, the economy expanded nearly 50%. The per capita income too, reportedly increased by 25%. The GDP growth rate sky rocketed. Musharraf made Pakistan attractive for foreign investors, something we have failed to regain since.

General Kayani gave NRO-1 and General Bajwa gave NRO-2

Under huge pressure from General Ashfaq Parvez Kayani and Core Commander team, he had to step down from command of the army on 8 October 2007. Non have understood his vision of Pakistan First, to save Pakistan. Look at present situation of Pakistan under PDM controlled by Establishment. He was the only COAS in History of Pakistan who double crossed USA, defeated USA from the money of USA and secretly supported Afghan Taleban.

General Pervaiz Musharraf was a Hidden Hero of Pakistan.
