

# Process of Ummah Revolution

Verily Allah will never change condition of a people until they change themselves first, [Al\_Quraan\_013.011]. And if you turn away, Allah will exchange you for some another people, and they will not be like you, [Al\_Quraan\_047.038]. There is no Compulsion in the Religion ..., (Al\_Quraan\_002.256). Muhammad (pbuh) is a Role Model for the whole World, (Ref: Al\_Quraan\_033.021). **Repeatedly Relying on the Same Corrupt Person will NOT Change the Fortune of a Country.** If you don't accept the soft way, then you may have to learn the hard way, and the lesson is in the Quraan, regarding the mountain TOOR (Sinai) on top of the people ..., (Ref. Al\_Quraan\_002.063). Come to peace; an example is in the treaty of Hodaybiyah, which was a little un-favourable to Ummah, (Ref. Al\_Quraan\_008.061).

Rasool Allah (Peace-Be-Upon-Him) was all in one; i.e. a Head of State, Army, Economics, Politics, Sociology etc. Today, in the mega information age, which has grown tremendously, looking for a single person who is Master of all (Head of State, Army, Navy, Air Force, Space Technology, Economics, Politics and Sociology etc.) is absolutely impossible. We need to develop a System which will create true peace in the Global World. During the life of Prophet Muhammad (pbuh), people of all faith were living happily in the State of Madina. We must treat others as we want to be treated ourselves. Professional Elections without any discrimination could be a solution to build Heavenly Earth. **We need Quraanic Revolution.**

**Follow those who call to follow the Quraan in spirit** and ask no reward on their call, and let not your eyes pass from them, (Ref: Al\_Quraan\_018.028, 036.021). **@GlobalRightPath**
