

# Saving a Life Like Save Whole World

**Saving a Life in Ancient Time:** In ancient time there were no modern medicines available and people were treating their loved ones with local available herbs, keeping in mind all the herbs were not available all around the world, e.g. Black Seed (Kalonji) was not available in many parts of the world, also **Black Seed is NOT cure for all the diseases around the globe otherwise there were no need for Doctors, Nurses and Hospitals etc.** There is cure in Honey for sure as mentioned in the Quraan and in ancient time NOT everyone was able to buy it and some people were using it during their sicknesses only. Still today we don't know if it has cure for all the diseases around the globe and how to use it for different medical conditions.

**Saving a Life in Modern Time:** With the passage of time, we came to know modern medicines which is curing millions of patients having complex diseases including cancerous patients. **Listen to your Government and Follow your Health Practiceners Guidelines stricly on time.**

Muwatta Malik an Arabic Scholar/Imam was intentionally NOT included into Sihah Sitta as a secret plan. All Hadeeth including **Sihah Sitta** (i.e. Sahih Bukhari, Sahih Muslim, Sunan Abu Dawud, Sunan al-Sughra, Sunan al-Tirmidhi and Sunan Ibn Majah) are **NOT** Authentic and **CANNOT** supersede the **Quraan**, since they were **HIDDEN** for around **200** years after Prophet Muhammad (PBUH) were compiled thereafter, while **Allah commanded Prophet Muhammad (PBUH) to proclaim his words (the Quraan) as is without hiding anything including QUL**, (Ref: Al\_Quraan\_003.020, 005:067, 005:099, 046:009, 069.044-046).
