

Why - Whole New World

To understand WHY we need Whole New World is very simple. Present Global System is totally failed to protect and serve humanity, since they didn't take guidance from the Quraan. Allah sent Prophets and Messengers (PBUT) all over the world till the time of Prophet Muhammad (PBUH), (Ref: AI_Quraan_004:164, 016:036, 040:078). After Prophet Muhammad (PBUH), Allah protected his book (AI_Quraan) and put responsibilities on true Muslims who take the Guidance from the Quraan and named them Aulayaas, (Ref: AI_Quraan_003.110, 009:071, 016:125, 018:028). Before communications was slow the world was moving slowly but now since 20th century world is advancing enormously very fast and looks like 24 hours in one day is not enough. No Auliyaas have knowledge of future, so people are dependent on living Auliyaas who know current situation, not past and take guidance from the Quraan.

Global World is facing a Global Economic Disaster and needs a Global Revolution. It is not Wealth (Gold or Silver) or Power which can save the Global World. Allah seized Qaroon, Pharaoh, and Hamaan and many more, for their crime against humanity and nothing could save them, not even their wealth, power, or people, etc., (Ref: AI_Quraan_029:039). The World didn't end there, but it re-developed after a Great Revolution. Those who have never faced poverty may never understand its solution, unless they have really taken Guidance from the Quraan. It is 100% guaranteed to save the world and to help build our Global World. If we truly apply the guidance given by the Quraan, we can re-develop the world through our own Great Revolution. In simple terms "NO CHANGES WITHOUT ACTIONS"! It is time now to open our eyes and correct ourselves to serve the humanity in a revolutionized way in the light of Quraan, in which all including Rich & Poor can live safe and sound, since the Quraan gives the true revolutionized guidance to fix the Global System to save the Humanity in a balanced way (AI_Quraan_002:002). **Problem with Current System in the World:**

Gravediggers will want more and more people to die for their business to grow. If no one dies, then no businesses

Doctors will want more people to become sick for their business to grow. If no one gets sick, then no businesses

Real Estates will want to wait for longer time till there is no option to fix things and hence slowing down other industries.

Industrialization has made brilliant developments around the world BUT due to lack in planning to put rest of the people on different projects, world is slowing down. Many businesses are closing. Many good quality things are disappearing.

Think of ten companies in a region having one thousands of employees working in each totalling ten thousands, who were customers to each other as well. Later industrialization came and many employees got layoff, since they didn't create any new projects to put them on. Gradually they lost all their savings and are no more good customers any more.
