In part 1 the Quraanic Guidance on Hajj, Hajj Badal, Hajj Qurbani and Eid Ul Adha Qurbani were highlighted for the information of our Muslim brethren and sisters to avoid all misguidance, exploitation, excesses, extremism, and deviations from the Right Path of Allah as the Message of Allah is unchangeable, (Ref: Al\_Quraan:010:015,24 / 018:027 / 033:062). Now in Part 2, **some specific Mohikmath / Guidance of Allah are presented.**

... **Islaam gives priority to academic education/Iqra**, (Ref: Al\_Quraan: 096:001-005) so that the Muslims become well educated to read the Holy the Quraan to understand its Guidance/Mohikmath for practicing them rightly in letter and spirit to earn the Blessings of Allah and to avoid all sins and evils, misguidance, exploitation, deviation, excesses, extremism, Shirk, Bidah etc. Tilawath in Arabic means to follow and practice the Guidance of Allah after reading and understanding the Holy the Quraan and not simply reading, reciting the Holy the Quraan without understanding. Islaam is totally against illiteracy.

... **Allah asks us to follow all the Mohikmath (precise/specific Guidance/Directives) on all matters of life, problems and solutions mentioned in the Quraan which are the foundation of the Book and to avoid Mushatabihath (unspecific/allegorical) as their real interpretation is known only to Allah but are exploited to create deviations and discord among the Muslims by vested interests**, (Ref: Al\_Quraan: 003:007). As such Islaam cannot be cornered to so called Five Pillars not at all supported as such in Holy the Quraan or authentic Hadiths.

... **The whole the Quraan is the Pillar of Islaam and it is a complete Deen (including Mazhab/theology)**, (Ref: Al\_Quraan: 005:003).

... **Allah says that those who disbelieve and deny Allah's Book will go to Hell**, (Ref: Al\_Quraan: 002:039). This clearly means that prime importance should be given to follow Holy the Quraan's Guidance on all matters of life and avoid projection and following all such Hadiths, tales, stories, sayings and traditions contrary to the Quraan.

...**Islaam is a clear and easy Deen to understand and follow**, (Ref: Al\_Quraan: 002:038 / 024:018 / 006:105 / 027:1-2, 77). Hence reading and understanding of Holy the Quraan to follow its Guidance is of utmost and prime importance to achieve Allah's Blessings which is actually Tilawath. Hence those who don't know Arabic, they must read the translation of the Quraan in their own language to understand and practice the entire Mohikmath/Directives of Allah instead of reading, reciting, the Quraan Khawani and making Hifz of the Quraan without understanding.

... **Allah says none and not even our Prophet can change/amend or deviate from the Holy the Quraan and its Directives / Mohikmath except preaching, projecting and following Islaam, a complete Deen, and guiding the erring and deviated humanity and warning the nonbelievers to come to the Right Path Of Allah**, (Ref: Al\_Quraan: 010:015,064,094-095,109/ 016:064 / 018:027 / 024:054 /025:001,056 / 033:002 / 046:009).

... **Allah further say that HIS Guidance has been fulfilled in truth and in justice and none can change/alter HIS words**, (Ref: Al\_Quraan: 006:115). Please avoid misguidance and deviation by vested professionals to deviate you from the Words of Allah.

**NOTE:** Hence all Hadiths, sayings, tales, stories, references and traditions, so commonly projected to the ignorant Muslims and exploited to promote deviation, extremism, cults, Shirk, Bidah, un Islaamic customs and practices should only be accepted if they are in accordance with the Holy the Quraan. Please reject those which are not in conformity with the Holy the Quraan as the Hadiths were written after more than hundred years after the demise of our Prophet and were subject to changes and manipulations with the passage of time. That is why we search for Sahih Hadiths which means there were wrong Hadiths also. 'The Imam' written Hadiths cannot override the Holy the Quraan.

... **Call, follow and make Dua / Ilteja directly to Allah alone who has no associate/Shareek/ Wasila / intercessor / recommender etc.**, (Ref: Al\_Quraan:007:003,194 / 013: 014 / 017:022 / 039: 014). This means we should all follow, bow, prostrate, pray, request and make Dua directly to Allah alone who has no associate/Shareek / Wasila / Pir / Baba/ Alim/Imam/recommender/intercessor etc. Avoid being exploited and misguided and bowing before exploiting Pirs, Faqirs, Babas and kissing their hands/feet etc. as our Demi Gods as all are humans like us and are equal before Allah. Also avoid making Dua behind the Imam after Namaz as the duty of Imam is to conduct and lead prayers only and not to make Dua for us as he himself needs Allah's Blessings like us. Make DUA directly to Allah after Namaz.

... **Allah debars monasticism/priesthood**, (Ref: Al\_Quraan:005:057) as it results in exploitation of our noble Deen by our Mullas for personal interests to create cults, deviation, division, groups, parties, and promote extremism, excesses in religious matters and rituals, Shirk, Bidah, etc. which we see in our society today so much so our Masajid are also divided.

... **Allah says that HE bestowed the Holy the Quraan in Arabic on our Prophet in his mother tongue to understand and preach it with good tidings to the righteous people to follow it and warn the hostile and infidel people in Makkah and around of their accountability on Judgment Day that only the followers of Islaam will only go to Jannah and others to Hell**, (Ref: Al\_Quraan:019:097 / 042:007 / 044:048). This indicates that the Arabic the Quraan was basically meant for the Arabic knowing people so that they may read and understand the specific Guidance of Allah in their own language and follow it.

... **Allah further says HE bestowed the Arabic the Quraan for those who may read and understand it**, (Ref: Al\_Quraan: 012:002 / 041:002 / 043:003 / 044:048). Hence this makes it clear that those who don't know Arabic, they should read its translation to understand Islaam as it is a Universal Religion.

... **To Allah, the more important thing is the understanding, following and practicing of all the Mohikmath/Guidance**, (Al\_Quraan: 003:007) fully in the right way to achieve HIS Blessings and not simply reading, reciting with Tajweed, the Quraan Khawani and Hifz of the Quraan which is of secondary importance. Tilawath means to follow the Mohikmath of Allah after reading and understanding it and not simply reading or reciting it as wrongly being projected to keep us religiously backward and dependent on the professional Ulemas for guidance instead of Allah.

... **Allah further says that the Holy the Quraan was bestowed in Arabic because the people of Arabia were Arabic knowing and had HE sent the Holy the Quraan in any other language, the Arabs would have remarked how can we read and understand the Holy the Quraan not in our language when the Prophet is also an Arab and Arabic knowing**, (Ref: Al\_Quraan: 041:044). This clears the wrong misconception that the language of Allah is only Arabic and hence every one of us MUST learn Arabic being a holy language and read, recite and make Hifz of the Quraan whether we understand it or not. Thus we remain mute and non-knowledgeable about the Quraanic Guidance/Mohikmath and to get easily exploited and deviated at the hands of vested interests and exploiters.

**NOTE:** Actually Arabic is the common language of all Arabic people, Muslims, non-Muslims, Christians, Jews etc. and contains good and bad words as in any other language. Hence we should all read the translation of the Quraan in our own language to understand Allah's Guidance to humanity as the Quraan was bestowed for the entire humanity. Allah knows and understand all languages, dialects, calls, actions, requests, Duas etc. of all humans, sane and insane, deaf and dumb, sick and disabled and also non humans, Angels, Satan, animals, insects, etc. as HE is the CREATOR. Therefore there is no bar from Allah that the Holy the Quraan should be read in Arabic only whether we, non-Arab Ajmis, understand it or not. Tilawaath in Arabic has a wider meaning to follow/practice after reading and understanding the Holy the Quraan which our Ulema don't explain. The basic aim of Allah is to guide the entire erring and deviated humanity, not the Arabs alone to HIS Right Path. Hence those who don't know Arabic they should read the easy translation of Holy the Quraan in their own language again and again to understand and follow Allah's Guidance/Mohikmath in the right spirit and direction to avoid all exploitation, deviations, misguidance, extremism, excesses and over-acting in religious matters and rituals, Shirk, Bidah, un Islaamic customs and practices, sectarianism, Maslak and Fiqah differences, Pir, Baba and Taghoot's influences and misguidance. Avoid misleading propaganda against reading of its translation to keep you ignorant, backward, deviated and exploited and under the control of professionals to divide and rule you. When our Ulemas while quoting the Quraanic verses, explain the same in Urdu to us mixed with their own interpretation, then why we non Arabic Muslims should not read the translation of the Quraan ourselves to better understand the Quraan, Islaam and its Guidance to entire humanity.

... **Allah sent down the Quraan in truth and those who create differences will go to HELL**, (Ref: Al\_Quraan: 002:176). **Allah's Message is unchangeable**, (Ref: Al\_Quraan\_033:062). This is a clear warning to all exploiters and deviators of Islaam. Please read the Quraan or its translation to understand Islaam first and then Hadiths which should be authentic and in conformity with the Quraan as Allah's Message is unchangeable. Avoid all misguidance and exploitation and creating differences. Please reject such Hadiths, tales, stories, sayings and traditions, which are commonly narrated and exploited, if they are not in conformity with the Quraan and its Guidance. Be bold as none can change Allah's Guidance.

... **Those who disbelieve and don't follow the Quraan will go to Hell**, (Ref: Al\_Quraan: 002:039). Please avoid all disbelief, deviations, exploitation, Shirk, Bidah, sins and evils, un Islaamic customs and practices and weak and unauthentic Hadiths etc. contrary to the Quraan and adopt piety (Taqwa), righteousness and perform good deeds to earn the Blessings of Allah. **Please read the Quraan or its translation and follow all its Mohikmath**, (Al\_Quraan:003:007) and not just five pillars only not at all supported as such in the Holy the Quraan. The whole Holy the Quraan is the Pillar of Islaam.

... **Allah strictly directs the Muslims to hold fast to HIS rope, follow Islaam as one complete Deen , worship HIM alone and avoid being divided into sects, groups, parties, factions etc. as it is against the One Ummah concept of Islaam,** (Ref: Al\_Quraan: 003:103,105 / 021: 092-093 / 023: 052 / 030:032 / 049:010). Please follow the Quraan and such Hadiths which are in conformity with the Quraan and avoid all divisions, deviations, factions, sectarianism, Maslak and Fiqah differences, cults of Pirs, Faqirs, Taghoots, religious groupings and parties to divide the Muslims which are all actually an after-creations after the demise of our Prophet and against the one Ummah concept. Our Prophet was a true Muslim without any sect, Maslak, faction, group or party and other differences as he was truly a ROLE MODEL for the entire humanity. We should strictly follow him.

... **Islaam promotes one Ummah concept as Muslimeen without any sect etc. and all Muslim believers are brothers and as such any differences should be settled amicably to maintain unity,** (Ref: Al\_Quraan: 022:078 / 049:010). This means unity without man-created differences is of prime importance and our Prophet was a true Muslim and a role model for all the followers of Islaam. We should follow him.

... **Allah directs us to become Ummath Washth (moderate society) in all matters of life,** (Ref: Al\_Quraan:002:143). Hence we should avoid all sorts of extremism, excesses and over acting in religious matters and rituals, behavior, dealings, groups and parties to divide the Muslims etc.

... **Those who disbelieve and deny the Quraan and its Guidance will go to Hell,** (Ref: Al\_Quraan:005:010). This is a clear warning to all infidels and exploiters and deviators not to ignore the Quraan and its eternal Guidance to humanity but to follow it completely in a moderate manner. No man-written Hadiths can override the Holy the Quraan and its directives/Mohikhmaths.

... **Men are protectors of women,** (Ref: Al\_Quraan: 004:034). As such women should be respected and well protected from all excesses etc. The wrong western concept of man and woman being equal should be removed taking into consideration that Allah has made man stronger in physique than woman who is weak and modest. A man is allowed to marry up to four women and a woman's share of inheritance is half as compared to a man. Woman has been allowed a respectable status.

... **Those who kill a believer intentionally without any just cause will go to Hell,** (Ref: Al\_Quraan: 004:093). The Taliban extremists indulge in needless killings and suicide bombings without any just cause which should be condemned as they will go to Hell. The Talibans are illiterate people under the guidance of extremist Mullas to kill and get killed. They will go to Hell.

... **Saving a life is like saving humanity,** (Ref: Al\_Quraan: 005:032). Life is very precious thing. Hence we should save and protect life as Allah alone is responsible for its creation and death. Sick, disabled, poor and needy persons should be well taken care of. We should promote social and community service.

... **Those who consume interest will go to Hell. Avoid interest on loans and if the debtor is in difficulty, give him time to repay the loans. Fear Allah. Please read details,** (Ref: Al\_Quraan: 002:275-280, 3:130, 4:161, 30:39). This actually applies to money lenders' business (Sood Khore) common in those days who use to charge heavy and prior interest from poor borrowers needing money for house-hold expenses but banks are commercial institutions managed by shareholders and do business of export and import trade, remittances, foreign exchange dealings, maintaining various types of personal and commercial accounts, accepting deposits and advancing loans for commercial purpose (not for household or consumption purpose), managing safe deposit lockers, worldwide transactions and dealings etc.and the economy of the country depends on the banks. **The Arabs have regularized it but we indulge in over-acting in all religious matters and rituals with over-research on a complete Deen,** (Al\_Quraan:005:003- sub verse:3). Many so called Sharia Compliant Banks / companies / Modarbas failed or wound up or went into liquidation. Some indulged in fraud also. Be sensible and moderate.

... **The Holy the Quraan is LIGHT for entire mankind,** (Ref: Al\_Quraan:005:015). **The Holy the Quraan is no doubt a Guidance from Allah for those who believe,** (Ref: Al\_Quraan: 002:002). **Explanation of Holy the Quraan is Allah's responsibility,** (Ref: Al\_Quraan: 075:019 / 016:089). **Holy the Quraan is not complicated for understanding,** (Ref: Al\_Quraan: 018:001). **Holy the Quraan is crystal clear,** (Ref: Al\_Quraan: 006:105). **Allah's Guidance is 100% complete,** (Ref: Al\_Quraan: 006:115). **Holy the Quraan is NOOR for mankind,** (Ref: Al\_Quraan: 005:015). **Holy the Quraan is a noble Book and revelation from Allah,** (Ref: Al\_Quraan:056:077, 080). **Holy the Quraan is the best Message and Guidance for the entire mankind,** (Ref: Al\_Quraan: 039:023). **Holy the Quraan is indeed a Guidance and Mercy for the believers,** (Ref: Al\_Quraan:027:077).

**NOTE:** Please note that all these verses are self-explanatory to understand the Holy the Quraan and to follow it to avoid all exploitations, misguidance, deviation, cults, extremism, Shirk, Bidah, sectarianism etc.

... **The person touching and reading the Holy the Quraan should be clean**, (Ref: Al\_Quraan: 056:079). This means that Wudu is not needed to touch and read it as generally misguided in order to keep it away from the common man. Any clean person can touch it as the purpose of the Holy the Quraan is to read, understand and follow the Guidelines/Directives/Mohikmaths of Allah on all matters of life with solutions to problems etc. and not to kiss, adore, revere and keep it on high altars and simply read, recite, do the Quraan Khawani and make Hifz of the Quraan without understanding.

... **Allah strictly prohibits the Muslim men and women from ridiculing, laughing, defaming, insulting, passing sarcastic remarks and calling each other with offensive nicknames as they may be better than the callers. They should make Tauba / repent immediately**, (Ref: Al\_Quraan: 049: 011). Thus Islaam gives primary importance to good character and good behavior.

... **Allah further strictly directs the Muslims to avoid negative assumptions or suspicions (negative attitude) as much as possible as it is sin. Also avoid spying or backbiting behind each other's backs as it amounts to eating of flesh of dead brother. Fear Allah and Make Tauba / repentance immediately**, (Ref: Al\_Quraan:049: 012).

... **Allah asks us to help the poor and the needy**, (Ref: Al\_Quraan:009:060). In Islaam priority is to uplift of the humanity-poor and the needy which is a good deed. As such community service is of vital interest.

... **Those who perform good deeds in the cause of humanity will be rewarded ten times by Allah on the Judgment Day**, (Ref: Al\_Quraan: 006:160). Hence more importance should be given to social welfare and community service to help the poor and the needy instead of building costly show piece Masajid to make a living and promoting a wrong concept that those who build Allah's House, Allah will build a House in Jannah for him.

... **Allah says that Masajid should be TAQWA/piety based and not denomination based and managed by righteous persons who fear Allah only and believe in Day of Judgment and establish prayers and give Zakat to needy persons**, (Ref: Al\_Quraan: 009: 17-18,107-108 / 008:034 / 009:017-018). This means that the Masajid should be free from all irregularities, exploitation, deviations, divisions, sectarianism, cults, group interests, Shirk, Bidah, un Islaamic customs and practices, etc. and managed by righteous Guardians only. Be careful in giving donations.

... **Allah's House is only Masjid ul Haram in Makkah**, (Ref: Al\_Quraan:003:096-97) as it is based on piety/Taqwa and where Kaaba, Aab Zam Zam, Hatim, Hujr Aswad are located and to which are attached Safwa and Marwa hillocks. And where no sectarian and Maslak issues etc. are involved and neither donations are collected nor any irregularity or committee disputes take place. As such the rest of the Masajid which are sectarian/Maslak based and are party or group controlled and indulge in money collection and committee disputes etc. are simply prayer houses/Masajid only. Avoid calling them Allah's Houses. Please avoid such misguidance.

... **Every human is solely responsible for all his deeds and misdeeds, sins and evils to Allah alone**, (Ref: Al\_Quraan: 041:046 / 045: 15). Allah alone can excuse anybody's sins (Al\_Quraan:003:135). Hence none can get anybody's sins excused or washed off through DUA, recommendation etc. from any Pir, Faqir, Baba, Imam, Demi God, Taghoot, Aamil etc. Make Tauba sincerely and Dua directly to Allah. Avoid making Dua behind any Imam or Alim as it is Shirk as no middle man is allowed by Allah.

... **Allah directs every Muslim to enter into Islaam completely**, (Ref: Al\_Quraan: 002:208). **This mean you have to follow each and every Directive of Allah on all matters of life called Mohikmath**, (Ref: Al\_Quraan\_003:007) not just so called Five Pillars only as wrongly being projected to build Masajid and Madressahs to make a living by the commercial Mullas. Avoid misguidance. The whole the Quraan is the Pillar of Islaam.

... The Prophet's companions (Kahalifas/ Imams) never deviated from Allah's Guidance and followed Islaam completely. They never practiced any Sect/Maslak/Group or Party Interest and never adopted Islaam as a money earning profession. All these are an after-creations and not according to Islaam. Be a true Muslim only. Any Muslim can lead prayers/Namaz and it is not necessary that only professional Imam can do it.

... **Our Prophet is closer to all the Muslim believers and his wives are our mothers. And the blood relatives are more closer to each other than other nonrelatives and require good and just treatment**, (Ref: Al\_Quraan: 033:006 / 008:075). We should love and help our relatives and desist from grudge and hatred.

... **For performance of Wudu, one time use of water is enough**, (Ref: Al\_Quraan: 005:006). The Quraan ask us to wash the face and hands up to the elbows and thereafter wipe your head and ankle. There is no such directive that you should indulge in three time wastage of water and make lot of noise of mouth gargling and louder nostril washing to disturb or impress others and do Khilal particularly of fingers / leg fingers etc. and thus waste water and time instead of

joining the Namaz Jamaat quickly. In certain parts of Africa, where there is shortage of water, Muslims perform Wudu with a glass of water only. Islaam is not a hard Deen. Please avoid over-acting in this regard.

... **Allah accepts only sincere repentance / TAUBA of those wrong doers / sinners who practice righteousness/piety thereafter**, (Ref: Al\_Quraan\_025:070-071 / 039:053). **But those who continue to commit repeated sins and make Tauba thereafter until death, their repentance are not accepted and they will go to Hell**, (Ref: Al\_Quraan\_004:018). This clears the wrong notion that after every Hajj, the sins are washed off automatically. Sins and repentance/Tauba cannot go together. Please avoid misguidance.

... **Allah debars priesthood/monasticism**, (Ref: Al\_Quraan: 057:027) as in other religions like Pope, Cardinals and Bishops in Christianity; Gurus, Pujaris and Pundits in Hinduism; Monks in Buddhism because the priests exploit the religion to dominate the followers and earn money and divide and deviate the followers for personal interests. They project as if they are a Wasila/Pir/middle man to Allah for Dua recommendation etc. In Islaam every human is directly accountable to Allah alone for his deeds and misdeeds without any involvement of Mulla/priest/middle man/Pir/ Faqir /Imam etc.to make DUA or recommend our case to Allah as wrongly being preached by vested interests. Avoid misguidance and read the Quraan or its translation.

... **Allah says that the worst people are those who do not use their brain to understand Islaam but remain deaf and dumb**, (Ref: Al\_Quraan:008:022). Hence we should use our brain to understand the Holy the Quraan and practice all the Mohikmath to solve all problems of life and to avoid all deviations and misguidance by Taghoot and exploiters. Those who don't know Arabic they MUST read the easy translation of Holy the Quraan to understand it and follow it correctly. Don't depend on any exploiting and deviated Mulla in your own interest.

... **Allah asks us to uphold TRUTH and not to go beyond it and follow the Book and avoid committing excesses and over-acting in religious matters and rituals/Faraiz and not to follow the misguidance of such people ( vested Alims, Imams, Taghoots, Pirs, Faqirs etc.) who have gone astray from His right path**, (Ref: Al\_Quraan: 002:042 / 004:171 / 005:077 / 007:003 / 039:023 ). Therefore please avoid all kind of falsehood and deviation and give priority to reading and understanding of the Quraan to avoid all excesses in rituals and religious matters, extremism, misguidance, cults, misunderstandings and exploitation with various weak and unauthentic Hadiths, tales and stories, traditions and sayings and other differences so commonly narrated to confuse and deviate the Muslims from Allah's Right Path. Only Hadiths etc.which are in conformity with the Quraan should be accepted. Follow Allah not any exploiting Mulla. Today the Muslims are divided so much so our Masajid are also divided due to exploitation of Islaam against the one Ummah concept.

... **Allah says that there are many exploiting Aalims/scholars who misguide the people from the right path of Allah and unjustly earn money**, (Ref: Al\_Quraan: 009:034). We should avoid such commercial Alims/Imams who give more importance to weak and unauthentic Hadiths, sayings, stories, traditions etc. rather than the Quraanic Guidance to misguide us and also adopt Islaam as a profession to earn money and promote their cults and priesthood as Tabligh and preaching of Islaam is a Fi Sabil Illah voluntary work to earn the Blessings of Allah. Our Prophet is a fine example and he never ever earned money to preach and project Islaam and lead the prayers as Imam and never took Chanda/donation for his self. Follow him.

... **Allah says those (Alims, Imams, Scholars, Moulvis, Mullahs, Muftis, religious speakers) who hide or conceal the truth of Quraanic Guidance from being projected to humanity (like vague speeches without giving utmost importance to the Quraanic Mohikmath as required)**, (Ref: Al\_Quraan: 002: 041-042,159, 174-175 / 06:90 / 016:95).

... **and mix truth with falsehood (like giving more importance to weak and unauthentic Hadiths, tales, stories, sayings, traditions, Arab history etc. not in conformity with the Quraan to confuse and deviate the Muslims)**, (Ref: Al\_Quraan: 002: 041-042,159, 174-175 / 06:90 / 016:95).

... **and make a livelihood by adopting Islaam as a profession, will go to HELL**, (Ref: Al\_Quraan: 002: 041-042,159, 174-175 / 06:90 / 016:95).

**NOTE:** Therefore all our Alims/scholars/Imams/Moulvis/Mullas MUST give preference to projecting and explaining the Quraanic guidance/directives on all walk of life along with authentic Hadiths etc. in their speeches / Khitabs so that we follow the Right Path of Allah and are not deviated, misguided or misled. They should also stop earning a livelihood on Islaam. They along with Mauzins, the Quraanic teachers should adopt other means of livelihood as done by our Prophet. The preaching and projection of Islaam with Imamath is purely a FI SABIL ILLAH voluntary work to earn the Blessings Of Allah. We should strictly follow Allah's Guidance and avoid following commercial Mullas. However in order to make their earnings Halal, the Imams and Mauzins should do Masjid maintenance work along with the Khadims or adopt some other job as Imamath and Azan giving are not full time jobs. **The Quraanic teachers should also teach other**

**academic subjects to make their income Halal as Islaam promotes academic education,** (Ref: Al\_Quraan\_096:001-005) as it is not a Mazhab/theology only but a **complete Deen/religion,** (Ref: Al\_Quraan\_005:003).

**... Allah specifically directed our Prophet not to adopt Islaam as a means of livelihood,** (Ref: Al\_Quraan:012:104 / 025:057) as it is a Fi Sabil Illah voluntary work in the service of Allah. Accordingly our Prophet worked hard to make a livelihood. Our Ulemas / Imams/ Mauzins / scholars/ Mullas / Moulvis / Muftis and the Quraanic teachers who have adopted Islaam as a money earning profession should follow Allah's Directive and our Prophet's example in this regard strictly and work hard to make a Halal living. Even adopting the cleaning, repair and maintenance work of the Masjid will make their income Halal as all are equal in the House of Allah.

**... Allah strictly directs us to follow only such persons i.e. Alims, Imams, scholars, Muftis, Mullas, Moulvis, religious speakers who are on the Right Path Of Allah and do not ask for payment or adopt Islaam as a livelihood to earn money,** (Ref: Al\_Quraan: 036:021). We should henceforth be careful not to follow such 'commercial' Alims/ Imams who have adopted Islaam as a money earning job is a great sin being a Fi Sabil Illah voluntary work.

**... The Quraan is the best Message and Guidance to mankind,** (Ref: Al\_Quraan:033:062). **The Quraan is the best Hadith,** (Ref: Al\_Quraan: 039:022). **Allah's Guidance is without any contradiction,** (Ref: Al\_Quraan: 004:082). **Allah's Book is not complicated,** (Ref: Al\_Quraan: 018:001).

**... The Quraan is the Book of knowledge, Guidance and mercy to those who believe,** (Ref: Al\_Quraan:007:052).

**... The Quraan is the Book of Guidance to those who fear Allah,** (Ref: Al\_Quraan: 002:002,005).

**... The Quraan is a Book of Blessings to mankind to be followed and become righteous to receive Mercy of Allah,** (Ref: Al\_Quraan:006:155).

**... Allah says to follow and obey HIM and the Prophet only,** (Ref: Al\_Quraan: 008:020,046 / 024:051). Therefore the real Islaamic history ends here after the completion of our Deen. At the most we can follow the companions of our Prophet who did not practice any deviation. But we should not get involved in the entire Arab history after the demise of our Prophet and Khalifas involving various deviations, dissensions, sectarianism, differences etc. Those who unnecessarily mix the entire Arab history with Islaam to lengthen their lectures and confuse the people are not doing any service to Islaam. Nowhere Allah ask us to follow the later Arab history and their dissensions, differences, fighting, killings for power, sectarianism, Maslaki and Fiqah differences, etc. to create division of Muslims against the one Ummah concept. Therefore follow Allah, His Quraan and the last Prophet with his authentic Hadiths in conformity with the Quraan.

**... Allah ask us to perform good deeds in the service of humanity which is multiplied ten times by Allah,** (Al\_Quraan: 040:040 ). Hence social and community service like helping the poor and the needy should be given top priority not building of Masjid and Madressahs to make a living and indulge in irregularities.

**... Allah asks us to enter into Islaam completely,** (Ref: Al\_Quraan: 002:208). **This means we should follow the entire Guidance of Allah / Muhkamaat,** (Ref: Al\_Quraan: 003:007) mentioned in the Quraan along with such Hadiths which are in conformity with the Quraan and not to confine or corner Islaam to Five Pillars only generally projected to misguide the Muslims from the entire the Quraan. By giving too much over importance to so called five pillars our Muslims have gone astray in other matters of life and indulge in falsehood, Shirk, Bidah, un Islaamic customs and practices etc.

**... Allah strictly directs us to worship and bow before HIM alone and perform good deeds,** (Ref: Al\_Quraan:022:077) which means we should not bow or worship or even touch the legs of selfmade Demi Gods, Taghoots, Pir, Faqir, Babas, Aamils as well as bow and ask for DUA before the Mazar/graves of saints which is Shirk not excusable by Allah.

**... Oaths taken should not be broken as it is a sin. Those who break their oath must feed the poor and the needy for ten days,** (Ref: Al\_Quraan\_005:089).

**... Adulteration of food items, and less weighing in scales are strictly prohibited,** (Ref: Al\_Quraan\_011:084-085).

**... Always practice and do justice in all matters of life,** (Ref: Al\_Quraan\_005:044-047).

**... Always love your parents and never misbehave with them if they object to you some action,** (Ref: Al\_Quraan\_017:023-024).

... **Blood relatives are closer to each other and deserve all help and love**, (Ref: Al\_Quraan: 008:075).

... **Always maintain good behavior and good character**, (Ref: Al\_Quraan: 031:018).

... **Do not shed each other's blood or evict one another from homes**, (Ref: Al\_Quraan: 002:084). This means killing, suicide bombings and destroying homes as done by Talibans should be avoided and condemned as anti-Islamic.

... **Do not worship except Allah and always behave nicely and do good to parents, relatives, orphans and the needy and establish prayers and Zakat**, (Ref: Al\_Quraan: 002:083).

... **Follow Allah and not any associates/Aulias**, (Ref: Al\_Quraan: 007:003). This means there is no concept of middle man/demi God/ Wasila/intercessor/recommender to Allah, the Alimghy. The commonly used word of Maulana actually means 'Our Allah' or associate or deputy to Allah which is Shirk and insulting. In entire Arabia and even in Afghanistan, the use of 'Maulana' word is prohibited.

... **Obey and follow Allah and his Messenger/Prophet and do not create any dispute/differences**, (Ref: Al\_Quraan: 008 : 020,046 / 024:051-054). Actually the Islamic history ends here and the rest of the Arab history involving differences, deviations, dissension, sectarianism, in-fighting etc. is Muslim history and should not be made part of our noble DEEN or mingled with our Deen. Follow Allah, the Quraan and the Prophet and his authentic Hadiths which MUST be in conformity with the Quraan only. **None can change Allah's words**, (Ref: Al\_Quraan: 010:015, 024/018:027).

... **Allah orders one Ummah concept to promote unity of the Muslims**, (Ref: Al\_Quraan\_003:103,105 / 021:092 / 023:052/ 049:010). Hence avoid forming and supporting the religious leaders and their differing groups and parties to divide the Muslims.

... **Avoid Shirk**, (Ref: Al\_Quraan: 012:108 / 007:191,197). Please avoid misguidance of associating any Pir, Aamil, Saint (dead or alive), Baba, intercessor, recommender, Wasila, etc. to Allah as this is a great sin. All humans are equal before Allah and equally accountable. Even asking anybody to make DUA or making DUA behind Masjid Imam is Shirk. Don't commit great SHIRK by asking help and DUA from the Mazar/graves of dead saints.

... **Allah directs the Muslims when Azan is heard, leave the trade and go to Masjid for Juma prayers and after prayers disperse to seek the bounty of Allah**, (Ref: Al\_Quraan: 62:009-010). This means time is very precious in Islaam and should not be wasted unnecessarily to delay the Juma Namaz with two Azans, two long Khitabs (speeches) hardly touching the Quraanic Guidance/Mohekhmat, (Ref: Al\_Quraan\_003:007) and two Khutbas (sermons) with announcements etc.

... Allah has mentioned in the Quraan about 26 Prophets only but our Mullas deliberately increased the strength to one lakh or more than one lakh twenty and thousands not supported in the Quraan, or any authentic Hadith. This is just to confuse and exploit us.

... **Allah says those who indulge in wastage and show business to impress others should fear Allah and the Judgment Day as they are companions of Satan**, (Ref: Al\_Quraan: 004:038). **Avoid all show business, pride, wastage of money like excessive Qurbani, wastage of water in Wudu etc Be moderate / Ummath Wash**, (Ref: Al\_Quraan: 002:143).

... **Allah directs to give the relatives their rights and help the poor and the needy travelers instead of wasteful expenditure as such persons are brothers of Satan**, (Ref: Al\_Quraan: 017:026-027).

**Some of the Shirk and Bidah practices with no sanction from the Holy the Quraan and authentic Hadiths are as follows:**

Tawaiz, Jhar Phoonk, Chadaway, Nazranay, Mazaroon par Chadar Chadana, bathing the Mazars/graves of Pirs, Astanoo par Ladyan Lagana, Khankhahi system, Tasawuf, Wazifay, fairy tales, Karamat aur Jali (false) Mujezay, Istakhara, Sadqa, Nujoom, Chilla, Ilm Jaffar, Ilm -o -Amal, Naqsh, Shab Barath, Tareeqath, Gadi Nasheen, Sajada Nasheen, etc. These are all man made deviations to spoil the image of Islaam as a complete way of life without any deviation and exploitation. Avoid them.

... **Allah bestowed four Holy Books i.e., the Torah on Prophet Musa, the Psalms on Prophet Dawid, the Bible on Prophet Issa/Jesus and the Quraan on our Prophet Muhammad (Peace-Be-Upon-all) thus completing the Deen of Allah**, (Ref: Al\_Quraan\_003:007). Allah directs us that the previous three books are in continuation to the Quraan (.....) and therefore should not be rejected but should also be followed provided no changes are made.

... **Avoid calling anybody as Maulana as it refers to Allah only**, (Ref: Al\_Quraan\_002:278,286/009:051/042:006) as 'Maula' means Allah and 'Na' means 'our'. But our Ulemas deliberately add the word 'Maulana' to their names to impress us and to promote their domination and greatness on us as middleman/Wasila/priests like Pope and Bishops which is prohibited by Allah, (Ref: Al\_Quraan\_057:027). They should be simply called Mulla, Maulvi, Ustad, Alim or simply Mr./Janab with no other extra Khitab like Sheikhul Islaam, etc.

... **Allah directs us to practice 'Khalis'/unadulterated Deen without any deviation/sectarianism as per the Quraan along with such authentic Hadiths which are in accordance with the Quraanic Directives**, (Ref: Al\_Quraan\_098:045). Hence please avoid all weak and unauthentic Hadiths written not by our Prophet at all but by various Imams after nearly 150 years after the demise of our Prophet and were subject to manipulation and changes with the passage of time. That is why we continue to search for Sahih Hadiths which means that they are in conformity with the Words of Allah.

... **Allahs says that those who disbelieve the Holy the Quraan and its Guidance/Mohikhmaths on all matters of life will go to Hell**, (Ref: Al\_Quraan\_057:019).

... **Allah says those who create differences in the Words of Allah (through weak and unauthentic Hadiths, tales, stories, sayings and traditions and on the basis of over-research on a complete Deen**, (Ref: Al\_Quraan\_005:003) etc.) **will go to Hell**, (Ref: Al\_Quraan\_002:176). Please avoid all such misguidance and deviation.

... **The best dress (Libas/clothing) of a Muslim is practice of piety/Taqwa in all matters of life**, (Ref: Al\_Quraan\_007:026). Hence avoid falsehood and dishonesty, sins and evils, exploitation and deviation, Shirk and Bidah, un Islaamic customs and practices contrary to the Quraan.

... **Allah has strictly disallowed any Wasila/middleman/Pir/Faqir/Imam/recommender to make DUA on behalf of anybody to HIM as Allah listens directly**, (Ref: Al\_Quraan\_007:197-198/035:013-014).

... **Allah is very near to our veins and hears and listens to all our requests/Duas/Iteja/calls etc. directly**, (Ref: Al\_Quraan\_002:186/040:060/050:016) as HE is our Creator. And hence no intervener/Wasila/Imam/Alim/Pir/Faqir (dead or alive) to make Dua is required as they themselves are in need of Allah's Blessings like us. After Namaz, make Dua directly to Allah as the duty of an Imam is to lead the prayers only which any Muslim can also do. Avoid this Shirk.

... **Allah has made all the humans equal (Human Right for all)**, (Ref: Al\_Quraan\_002:030, 002:177, 04:095, 004:135, 005:008, 005:032, 006:151, 016:090, 017:070, 033:072, 049:013, 053:036-039, 053:042, 095:004-006).
