

In the Name of Allah, Most Gracious, Most Merciful
Women are Game Changer
By Irshad Mahmood – Director, Siraat-al-Mustaqeem Dawah Centre

Give me a good mother and I will give you a good nation, Napoleon Bonaparte.

Behind many successful Men there are many Strong Mothers, but unfortunately many of today's mothers became "**Twinkle Twinkle Little Star Mothers**", since their parents didn't teach them Up To Date and State of the Art Modern Technologies to save Humanity and Trained their Own Children to do so as well. Many of them are busy in changing channels and wasting time on watching whole day channels like cooking channels or fashion channels, since **unintentionally** these are their top most priority than saving humanity. **Men are also equally responsible for this, since they are not educating their sisters and daughters** and you can see what is happening to Ummat-e-Ibrahim, being wiped out all over the world like aboriginals had already been wiped out from North America and Australia.

Education is the Key to the Success of all Nations. NO Nation can get success unless their women come forward to educate their children who can take all necessary actions after growing up to defend their Nation PERFECTLY to face all modern challenges in the light of the Quraan. They will not be able to teach their children unless they themselves have enough education first. **Prophet Muhammad (PBUH) was the Greatest Politician in the History of Mankind.**

And say: '**My Lord! Increase me in knowledge**', (Al_Quraan_020.114).

Say: '**Are those who know equal to those who know not?**' It is only men of understanding who will remember, (Al_Quraan_039.009).

Seeking of Knowledge is Obligatory for every Muslims, said by Prophet Muhammad (Peace-Be-Upon-Him), Sunan Ibn Majah 224, Al-Tirmidhi, Hadith 74.

Perfect Defense (from Space, Land, Ocean, Faith, Politics and Judiciary etc.):

No Nations can succeed if their Defenses are weak and cannot defend their citizens if their enemies come from space, land and sea by all means including internal and external challenges including their faiths. Perfect Defense needs Perfect Education which cannot be without devotion of women. Women MUST come forward to train their children to face all modern challenges. When disbelievers joined together and try to wipe out Muslims at the time of Prophet Muhammad (Peace-Be-Upon-Him) in the battle of trench, they were able to defend themselves perfectly. Presently in the beginning of the 21st century USA is the only country which can defend their citizens by all means. Those countries which are failed to build from needles to satellites and beyond are totally failed to defend themselves. **Remember:** Defense doesn't mean Offence, since **Offence is always Unjust** and is totally against the Quraan.

Perfect Defense from Space means, if all enemies jointly come with ten thousands of space crafts, you MUST be able to perfectly defend your country by all means and NOT a single spacecraft can enter into your country.

Perfect Defense from Land, means if all enemies jointly come with ten thousands of armored vehicles etc., you MUST be able to perfectly defend your country by all means and NOT a single armored vehicles and NOT a single armed forces can enter into your country.

Perfect Defense from Ocean, means if all enemies jointly come with ten thousands of war ships, you MUST be able to perfectly defend your country by all means and NOT a single war ships can enter into your country.

Perfect Defense from all Faiths, means if all enemies jointly come with ten thousands of Hypocrites and try to inter into your belief system to deviate you from the Quraan, you MUST be able to perfectly defend your faithful citizens by all means and NOT a single Hypocrite can come and change your faith. Many Hypocrites try to attack other religions using modern technologies, and many Spiritual Leaders are failed to defend their faiths since they don't have in depth study of the Quraan due to not taking guidance from the Quraan and they don't have enough knowledge of modern technologies. **Freedom of Speech does NOT mean Hurting others Faiths**, rather friendly dialogue in friendly atmosphere. We all are human and we all might do mistakes after mistakes, so keep forgiving and keep helping each other.

My Salute to those Mothers who are Sincerely and Devotedly Educating both their Girls and Boys.
