

# Saving World From the Global Terrorism

The World became more Dangerous than before due to Global Terrorism. CRISIS, CRISIS and CRISIS are every where and which is not the first time, so we need to find the Guidance. To Save the Global World from Global Terrorism, we need to find out Real Roots of Terrorism. In many cases it is found that the Real Terrorist are the Third Party plotting dirty games first and then getting benefits from these. So we need to see who are getting the Real Benefits. Media is fully controlled by those who are in Power and innocent public pays for it. Now the question rises for 9/11 (11-SEP-2001) attacks, London (U.K.) Bombing on 07-JUL-2005. Who are the Real Victims and Real Terrorist. In Practice Muslims all over the world are suffering the most and are in Great Loss. The facts is **Islaam always Denounces all kinds of Terrorism.**

Causes and effects are interrelated. There might be other reasons that might be creating present issues and we need to analyse in detail and resolve these issues. It is necessary to create friendly environments where people can come and exchange views and learn from each another. **Diversity is necessary to develop Peace in Global World.** In every community there must be public places available for FREE of COST for Diversity for Friendly exchange of views. **Canada is a Great Example on Benefitting from Multiculturism.** If we all sit together and analyse all the issues on a case by case method and take the best from all that is available in the society, then with the help of science and technology we could raise the best generation to lead the Global World. **First Victim of any Conflict is the TRUTH.**
